January 26, 2010

  
Dear Community Partners,

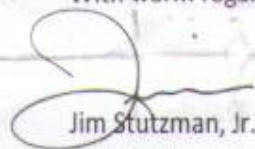

For many years, the team at Jim Stutzman's has taken great pride in being a good community partner. Giving back to the community that supports our business and fuels our success has simply always felt like the right thing to do. To say that this economic downturn has thrown a wrench in the cogs of our operation is an understatement. In addition to everything that goes along with any economic crisis, our manufacturer, General Motors, has been forced into bankruptcy and, with government intervention, to "restructure" the entire company.

In June of 2009, as part of that restructuring, we were notified that the new distribution network would eliminate our representation of the Buick and Cadillac franchises in Winchester. As this has created a serious uproar in our loyal owner base, we are fighting the decisions and asking GM to re-evaluate our market.

I am reaching out to you at this time to ask if you would be willing to write a letter to the management of Buick and Cadillac and share your thoughts about the relationship we have had with your organization over the last 30 years. We feel very strongly that Jim Stutzman's has been a loyal and committed steward of the GM brand which has allowed us to benefit many in our community. My hope is they don't take this involvement lightly and will recognize what an important part our company and employees play in the community as a whole.

I thank you in advance for your willingness to help us try and continue to be the premier GM dealer in the North Shenandoah Valley Region. Please find the names and addresses listed below where you can direct your comments.

With warm regards and sincere appreciation,

  
Jim Stutzman, Jr.  
President
